Supplementary Table 1 the ward division of each hospital charge

ode of medica eatment action	Supplementary Table 1 the ward division of each hospital charge	Division
		Divisio of war
190150310	Subacute inpatient care management fee 1 (designated area)	1
190150410 190152610	Subacute inpatient care management fee 2 (designated area) Subacute inpatient care management fee	1
190152710	Specific general ward inpatient fee (patients calculated for subacute inpatient medical management and rehabilitation)	i
190160910 190161010	Specified basic inpatient charges (basic inpatient charges for hospitals with specified functions) (patients with special basic inpatient charges, etc.) Sensifie housi inpatient charges (basic inpatient charges for nonspitals housital)	1
190161110	Specific basic inpatient charges (basic inpatient charges for specialized hospitals) Specific basic inpatient rates (basic inpatient rates for specialized hospitals) (patients calculated special basic inpatient rates, etc.)	1
190706810	Basic inpatient rates for specialized hospitals 7-1 (transitional measures)	1
190706910 190707010	Basic inpatient rates for specialized hospitals 7:1 (transitional measures for nutrition management) Basic inpatient rates for specialized hospitals 10:1 (transitional measures for nutrition management)	1
190707110	Bescialty hospital 13-1 basic inpatient rates (transitional measures for nutrition management)	1
190707210	Specialized hospital 7-1 basic inpatient rates (transitional measures) (transitional measures for Eikan)	1
190714410 190714510	Emergency room charge 1 (within 3 days) (transitional measures for nutrition management) Emergency room charge 1 (4-7 days) (transitional measures for nutrition management)	1
190714610	Emergency hospitalization charge 1 (8-14 days) (transitional measures for nutrition management)	1
190714710 190714810	Emergency hospitalization charge 2 (3 days or less) (transitional measures for nutrition management) Emergency hospitalization charge 2 (4-7 days) (transitional measures for nutrition management)	1
190714910	Emergency hospitalization charge 2 (8-14 days) (transitional measures for nutrition management)	1
190715010	Emergency room charge 3 (lifesaving emergency) (3 days or less) (transitional measures for nutrition management)	1
190715110 190715210	Emergency room charge 3 (critical care) (4 to 7 days) (transitional measures for nutrition management) Emergency room charge 3 (critical care) (8–14 days) (transitional measures for nutrition management)	1
190715310	Emergency room charge 3 (extensive burns, within 3 days) (transitional measures for nutrition management)	1
190715410 190715510	Emergency room charge 3 (extensive burns, 4 to 7 days) (transitional measures for nutrition management) Emergency room charge 3 (extensive burns, 8 to 60 days) (transitional measures for nutrition management)	1
190715610	Emergency room energe 4 (emergency room charge) (within 3 days) (transitional measures for nutrition management)	1
190715710	Emergency room charge 4 (emergency room charge) (4 to 7 days) (transitional measures for nutrition management)	1
190715810 190715910	Emergency room charge 4 (emergency room charge) (8-14 days) (transitional measures for nutrition management) Emergency room charge 4 (extensive burns, within 3 days) (transitional measures for nutrition management)	1
190716010	Emergency room charge 4 (extensive burns, 4 to 7 days) (transitional measures for nutrition management)	1
190716110 190716210	Emergency room charge 4 (extensive burns, 8-14 days) (transitional measures for nutrition management) Emergency room charge 4 (extensive burns, 15 to 60 days) (transitional measures for nutrition management)	1
190717210	Emergency roun charge + (extensive burns, is to do exps) (daristorial measures for inductor management) Specified intensive care unit management fee 1 (within 7 days) (transitional measures for inductor management)	1
190717310	Specified intensive care unit management fee 1 (8 days or more but within 14 days) (transitional measures for nutrition management)	1
190717410 190717510	Specified intensive care unit management fee 2 (specified intensive, within 7 days) (transitional measures for nutrition management) Specific intensive care unit management fee 2 (specific intensive care, 8–14 days) (transitional measures for nutrition management)	1
190717610	Specific intensive care unit management fee 2 (extensive burns, within 7 days) (transitional measures for nutrition management)	1
190717710 190717810	Specific intensive care unit management fee 2 (extensive burns, 8-60 days) (transitional measures for nutrition management) High-care unit inpatient medical management fee (transitional measures for nutrition management)	1
190717910	Inpatient medical management fee for stroke care unit (transitional measures for nutrition management)	1
190718010	Pediatric specific intensive care unit management fee (7 days or less) (transitional measures for nutrition management)	1
190718110 190718210	Pediatric specific intensive care unit management fee (8 days or more but within 14 days) (transitional measures for nutrition management) Neonatal specific intensive care unit management fee 1 (transitional measures for nutrition management)	1
190718310	Specified intensive care unit management fee for neonates 2 (transitional measures for nutrition management)	1
190718410 190718510	Comprehensive perinatal intensive care unit management fee (maternal, fetal) (transitional measures for nutrition management) Comprehensive perinatal intensive care unit management fee (neonate) (transitional measures for nutrition management)	1
190718610	Unpatient neonatal intensive care unit management rec (incrinate) (demotionate) (demotion measures for induction management) Inpatient neonatal intensive care unit management fee (transitional measures for nutrition management)	1
190718910	Inpatient medical management fee for special diseases (transitional measures for nutrition management)	1
190719010 190719110	Pediatric inpatient care management fee 1 (transitional measures for nutrition management) Pediatric inpatient medical management fee 2 (transitional measures for nutrition management)	1
190719210	Pediatric inpatient medical management fee 3 (transitional measures for nutrition management)	1
190719310 190719410	Pediatric inpatient medical management fee 4 (transitional measures for nutrition management) Pediatric inpatient medical management fee 5 (transitional measures for nutrition management)	1
190720110	Subacute inpatient medical care management fee 1 (transitional measures for nutrition management)	1
190720210	Subacute inpatient medical care management fee 2 (transitional measures for nutrition management)	1
190720310 190720410	Subacute inpatient medical management fee 1 (designated area) (transitional measures for nutrition management) Subacute inpatient medical management fee 2 (designated area) (transitional measures for nutrition management)	1
190720510	Subacute inpatient medical management fee 2 (transitional measures for nutrition management)	1
190720610 190720710	Inpatient fee for special disease ward 2 (transitional measures for nutrition management) Inpatient palliative care ward (within 30 days) (transitional measures for nutrition management)	1
190720810	Inpatient palliative care ward (31 days or more but within 60 days) (transitional measures for nutrition management)	1
190720910 190722310	Inpatient palliative care ward (61 days or more) (transitional measures for nutrition management) Hospitalization fee for dementia treatment ward 1 (within 30 days) (transitional measures for nutrition management)	1
190722410	Hospitalization fee for dementia treatment ward 1 (31 days or more but within 60 days) (transitional measures for nutrition management)	1
190722510	Inpatient dementia treatment ward 1 (61 days or more) (transitional measures for nutrition management)	1
190722610 190722710	Inpatient dementia treatment ward 2 (30 days or less) (transitional measures for nutrition management) Inpatient dementia treatment ward 2 (31 days or more but within 60 days) (transitional measures for nutrition management)	1
190722810	Hospitalization fee for dementia treatment ward 2 (61 days or more) (transitional measures for nutrition management)	1
190722910 190723010	Hospitalization fee for specific general ward 1 (transitional measures for nutrition management) Inpatient fee for specific general ward 2 (transitional measures for nutrition management)	1
190723110	Specific general ward inpatient fee (subacute inpatient care management) (transitional measures for nutrition management)	1
190723210 190751810	Specific general ward inpatient rates (subacute care and rehabilitation patients) (transitional measures for nutrition management) Second bacing institution trates (subacute care and rehabilitation patients) (transitional measures for nutrition management)	1
190751810	Specific basic inpatient rates (basic inpatient rates for hospitals with specific functions) (transitional measures for nutrition management) Specific basic inpatient rates (basic inpatient rates for specialized hospitals) (transitional measures for nutrition management)	1
190753330	(Specified basic inpatient rates (basic inpatient rates for hospitals with specified functions) (transitional measures for nutrition management)	1
190753830 190753930	(Elective) Basic inpatient 7-1 specialist hospitals (transitional measures) (Elective) Basic inpatient 7-1 rates for specialized hospitals (transitional measures for nutrition management)	1
190754030	(Elective) Basic inpatient 7-1 rate for specialized hospitals (transitional measures) (transitional measures)	1
190754130 190754230	(Elective) Basic inpatient hospital 10-1 (transitional measures for nutrition management) (Elective) Basic inpatient rates for specialized hospitals 13-1 (transitional measures for nutrition management)	1
190754230	(Elective) Basic inpatient rates for specialized hospitals 13-1 (transitional measures for nutrition management) (Select) Specific basic inpatient rates (for patients calculated special basic inpatient rates, etc.)	1
188000110	Inpatient medical management fee for acute inpatients	1
188000510 188000610	Inpatient medical management fee for patients in the convalescent stage Inpatient medical management fee for rehabilitative inpatients	1
190024310	Emergency room charge 2 (within 3 days)	1
190024410 190024510	Emergency room charge 2 (8 days or more but within 14 days) Emergency room charge 1 (within 3 days)	1
190024510	Emergency room charge I (within 3 days) Neonatal intensive care unit management fee 1	1
190028910	Inpatient palliative care ward (within 30 days)	1
190055210 190055310	Hospitalization fee for special disease ward 1 Hospitalization fee for special disease ward 2	1
190066710	Comprehensive perinatal specific intensive care unit management fee (maternal and fetal)	1
190066810 190074510	Comprehensive perinatal intensive care unit management fee (neonate) Emergency room charge 1 (8 days or more but within 14 days)	1
190075710	Inpatient medical management fee for special diseases	1
	Pediatric inpatient care management fee 5	1
190075810	Basic inpatient fee for general ward 10-1 Basic rate for general hospital wards 13-1	1
190077410	Basic rate of hospitalization for general ward 15-1	1
190077410 190077510 190077610	Special basic inpatient rate for general hospital wards	1
190077410 190077510 190077610 190079010		
190077410 190077510 190077610	Basic 10-1 inpatient rate for general hospital wards at hospitals with specified functions Basic 10:1 inpatient rate for specialized hospitals	1
